原住民族語文典藏

A grainy, black and white photograph capturing a group of approximately ten individuals in a dark, possibly nighttime, outdoor environment. The scene is dominated by deep shadows, with some figures appearing as dark silhouettes against a lighter, textured background. A bright, horizontal streak of light cuts across the upper portion of the frame, illuminating parts of the figures and creating a sense of motion or a celestial event like a meteor. The ground appears uneven and rocky. In the lower right foreground, a person is seen from behind, wearing a long coat and a hat, looking towards the center of the group. The overall atmosphere is mysterious and suggests a gathering of people in a remote or rural location.
